

# UNITE GLOBAL

## YOUTH

### *Collaborative Approaches to Neglected Tropical Diseases*

**Saturday, 16 November 2024**  
**From 4:20PM to 5:50PM**  
**At Hall 3**

## DISCUSSION & INSIGHT

1

### *“Next-Generation Approaches to Neglected Tropical Diseases (NTDs)”*

This session will showcase our ongoing efforts and present an opportunity to explore how we can generate momentum to advocate for Universal Health Coverage (UHC) and address NTDs from Japan.

2

### *“Strategic Interventions in Chagas Disease - with the case of the U.S.”*

This session will involve casework and interactive discussions. By sharing their knowledge, perspectives, and experiences with NTDs, participants will contribute to advancing the casework and ultimately explore effective approaches to addressing NTDs.

3

### *“Collaborative Approaches in the Fight Against NTDs”*

By sharing insights from NTD youth initiative leaders and professionals around the globe, we aim to inspire participants to consider collaborative approaches in the fight against NTDs.

**This is not a one-way workshop!**  
**Enjoy engaging in discussions**  
**that cross boundaries of age,**  
**expertise, and nationality!**
