

## **Symposium : Proposals from Asia and Pacific Islands (90min)**

### **Build forward better of Health System among pacific small islands.**

#### **太平洋島嶼地域の保健システム強化：新型コロナパンデミックからの前進**

Share good experiences related to PPR for emerging infectious disease in the Pacific Island region and other health system strengthening experienced during COVID-19 pandemic in Pacific Islands Region and return them to formulate strategies for the region and for each country in future. Specifically, the following presentations will be made and summarized jointly by the Ministries of Health in Fiji, Tonga, Federated States of Micronesia (FSM), and Kiribati, the Okinawa Prefectural Health and Medical Care Department, the JICA Human Development Department/JICA Okinawa, and Graduate School of Health Sciences, University of the Ryukyus. The Okinawa Prefectural Department of Health and Care will present Okinawa experiences to control COVID-19. In the area of school health, the experiences of FSM the Marshall Islands, and Republic of Palau will be reported, as well as the strengths of each country through policy and multilateral case studies by University of the Ryukyus. Specifically, the presentation will report on the implementation of fast-acting policies through decentralization, the use of the private sector in the face of limited resources, and the integration of infectious disease control and disaster response. In addition, the better or best experiences in Fiji, Tonga, Micronesia, and Kiribati will be presented by each country's representative.

太平洋島嶼地域における新興感染症の PPR に関する優れた経験や、新型コロナ感染症パンデミック時に経験したその他の保健システム強化に関する経験を共有し、今後の地域や各国の戦略策定に還元する。フィジー、トンガ、ミクロネシア連邦（FSM）、キリバスの各保健省、沖縄県保健医療部、JICA、琉球大学大学院保健学研究科が共に議論を展開し報告する。沖縄県保健医療介護部は、COVID-19 対策の沖縄の経験を発表する。また琉球大学によるミクロネシア連邦、マーシャル諸島、パラオ共和国の政策と多国間事例研究結果を報告し、各国の強みを紹介する。具体的には、地方分権による即効性のある政策の実施、資源が限られる中での民間セクターの活用、感染症対策と災害対応の統合などについて報告する。これらの知見にもとづいて、フィジー、トンガ、ミクロネシア、キリバスにおけるベストプラクティスについて、各国代表が発表し、今後の島嶼地域での保健システム強化について議論を展開する。
