### Submissions of Abstracts

Prospective authors are invited to submit the abstracts. The abstracts must be 500 words or less. All abstracts should be submitted via the online abstract form available at the ICEE 2016 website by ~~December 31, 2015~~ January 18, 2016.

**New!** The organizing committee of ICEE2016 would like to announce the call for papers. This time, three types of papers—full papers(6pages), short papers(1or 2pages) and industrial papers (presentation file)—will be anticipated. The last two papers are based on our new project, and we would like to encourage business personnel or students to submit short ones. As for the full papers, we will select and nominate the outstanding full papers for article contribution to JICEE (Journal of International Council on Electrical Engineering).

### Notifications of Abstracts Acceptance

All submitted abstracts will be reviewed by the ICEE 2016 Technical Program Committee. The correspondence author will be notified by email regarding the acceptance or rejection of the proposed paper by February 1, 2016.

### Submission of Papers

For the accepted abstracts, authors are required to submit full papers before April 1, 2016. The author's kit and detailed instructions for paper preparation and submission will be announced to the authors at the website.

### Notification of Accepted Papers
